

The Jagal Foundation

PROJECT:

Educational Development Support

FOCUS: Education & Training

LOCATION: Apapa, Ajah, Makoko, Ikorodu

PERIOD: November 2020

OBJECTIVE:

To provide indigenous students with good quality education in the society who are expected to possess technical capabilities to be future leaders and to encourage excellent performance in schools.

BENEFICIARIES:

1000 students at four different local government primary schools benefited from this project. The indirect beneficiaries consists of the parents of the students, the government through the Ministry of Education and the teachers.

IMPACT:

To promote interest in education amongst the youths across the nation.
To support vulnerable students whose parents are unable to provide basic stationaries and writing materials to their children.
To encourage most drop out students back to school.
To support the future dreams of many youths in order to actualize the dream.

The project exercises were carried out at different government primary schools locations namely:

Igbologun junior school, snake Island, Apapa Lagos.
Iwerekwu Community primary School Lakowe, Ajah Lagos.
Divine wisdom nursery and primary school Makoko Lagos.
Methodist Primary school, Igbogbo Ikorodu.
