

PROJECT:

Eye Surgery Sponsorship

FOCUS: Healthcare

LOCATION: Lagos State University Teaching Hospital (LASUTH) and Eye Foundation Hospital, Lagos

PERIOD: February 2023

OBJECTIVE:

- Support to restore vision to kids with eye disabilities
- Improving the quality of life for beneficiaries and their families

BENEFICIARY:

Saheed Habeeb, a 13-year-old male from Lagos State born with corneal opacity.

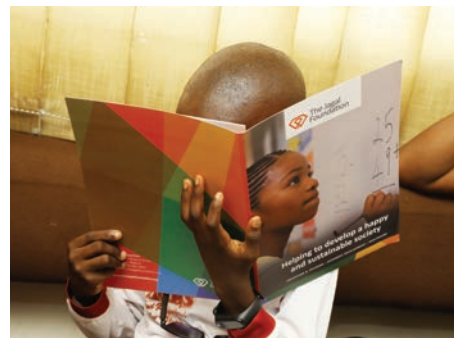

IMPACT:

Habeeb Saheed was born with poor vision in both eyes. He presented with no light perception in the right eye and counting fingers in the left eye. Examination revealed dense total cornea opacity in the right eye and central cornea opacity in the left eye. A successful cornea transplant surgery was performed on 13 April, 2023 through the support of The Jagal Foundation healthcare scheme in conjunction with the Eye Foundation Hospital and LASUTH.

OTHER INITIATIVES UNDER THE JAGAL FOUNDATION HEALTHCARE SCHEME:

- Financial support to indigent patients in government hospitals
- Specialised health talks in schools and distribution of sanitary pads to female teenagers
